Examination For SUPREME THOROUGHBRED SYNDICATIONS.

Examination date and time ; 5<sup>th</sup> April 2009, at 3.30 p.m.

The above mentioned filly was examined by me (Dr John Law) under sale conditions. She passed all criteria for physical examination, namely there were no abnormalities with regard conformation or gait irregularities which would jeopardise her potential to race. Radiograph examination of all joints as per sale requirements, showed that no significant abnormalities were present.

I have no financial or other interest in this syndication and I give consent to include this report in the product disclosure statement.

At the time of examination in my opinion the filly was sound and suitable for syndication
