VETERINARY EXAMINATION – Based on criteria for

Suitability for Purchase for Racing Syndication

Name: unnamed '09 **Sire:** Stratum **Dam:** Spinner's Magic
Sex: filly **Colour:** chestnut **Age:** 16 mths
Agent: Doncaster Bloodstock
Person requesting exam: Les Young on behalf of Supreme Syndications
Markings: as per Inglis 2011 Classic Yearlings catalogue - Lot 261
Brands **ns:** C **os:** 233 over 9

The above described yearling was examined by me at the Inglis, "Newmarket" Sales complex, at Randwick, NSW, on 24th January 2011.

A healthy, well-balanced filly with long body with good light to medium bone, who will develop into a medium balanced type. She stands well and was examined on the lead at hand in the yearling sale examination area. She is a nice relaxed walker. All conformation and clinical parameters were within normal limits. This examination is within the limits of yearling sale examinations.

Presale x-rays (standard 34 shots) were examined in the repository and found to be

- Low Risk with a little time.
(slight immaturity sagittal ridge RF, small fragment base LH fetlock P1)

This exam and report is limited to the conformation and clinical inspection noted herein.

Conclusion:

At the time of this examination the chestnut filly "**Lot 261 – Spinner's Magic '09 / Stratum**" is in so far as can be determined from the examination conducted is suitable for syndication for racing and as such is furthermore suitable for all risk mortality insurance cover.
