CERTIFICATE OF SUITABILITY FOR SYNDICATION

NAME OF HORSE: Unnamed/Lot 512
SIRE: Choisir
DAM: Polite (USA)
BRANDS: NS: C OS: 119 Over 4
DESCRIPTION: Chestnut Thoroughbred Colt
MICROCHIP: 985100012044402

At the request of Mr Frank Galluzzo of Supreme Syndications, I have examined the above colt at the Magic Millions Sale, 6 January 2016 Gold Coast QLD. The examination was limited to a clinical examination and assessment of conformation. Radiographs lodged at the Magic Millions Repository were viewed prior to the sale.

At the time of examination the colt was in good health and condition and free from signs of disease or illness. Body and leg conformation was within normal limits, and there were no signs of lameness when led at the walk. No abnormalities were detected on auscultation of the heart and lungs. At the time of examination, this horse had a bony swelling of the distal left fore cannon (MCIII), and there was no pain on palpation and no evidence of active inflammation.

Examination of the Radiographs lodged at the repository revealed no significant abnormalities. The following radiographic changes were noted

- 1) On the left hock there was a small bone spur on the proximal dorsal aspect of (MTIII). These spurs are invariably not clinically significant.
- 2) On the left fore cannon there was a mature bony swelling on the lateral aspect of distal MCIII. This is unlikely to be of clinical significance in the future.
- 3) On the right front fetlock there was a mild enlargement of the proximal sagittal ridge of MCIII. There is no sign of separation and in my opinion is unlikely to be of significance.

Within the limits of the examination there were no abnormalities present that would in my opinion prevent the chances of this horse withstanding the pressures of racing. In my opinion the colt is a suitable subject for syndication/sale as a racehorse.

I declare that I have no financial interest in this colt, and no financial interest in Supreme Syndications.

Yours faithfully

Dr John Crowley BVSc(Hons)
Veterinary Surgeon
